

Rank Test Information

In order to test, each student must:

1. have the requisite skills – curriculum is available on our website.
2. hand in to their instructor by the required date: a completed [application form](#) with the [appropriate fees](#) (see table below), and your [promotion card](#) if you have tested in the past.

All new students are by default White belts (11th Kup or level). Skills must be demonstrated to Master Chang's satisfaction in order to be promoted to the corresponding belt level. Your attitude and spirit (Ki) are at least as important as the physical skills for passing the tests.

Tests are typically conducted about 3 times a year.

FAQs

What if I don't know if I should test?

If you don't know if you are ready to test please discuss this with your instructor.

What if I'm not testing, can I come and watch?

I would encourage you to attend the test even if you are not testing. It's a chance to spend more time with Master Chang, get a preview of what you may need to do next time, support other students, and of course be an opponent. Please arrive at least 10mins before the start of the test and make sure to wear your uniform.

Can others come and watch?

Spectators are very welcome, as are cameras, camcorders etc. It's really nice to have the support and share the experience with family and friends.

Can I practice skills before the test?

There's typically 30mins between the end of the morning seminar and the start of the Rank Test. You are welcome to grab an opponent and practice as much as possible.
